### What is Maker Faire?

We call it the Greatest Show (It's Not) on Earth. As a celebration of the Maker Movement, it's a family-friendly atmosphere of invention and creativity that gathers together tech enthusiasts, crafters, educators, makers, food artisans, hobbyists, engineers, science junkies, artists, students, and commercial exhibitors. Makers come to show their creations. Attendees come to glimpse the future...and to learn to become makers themselves.
